THANK YOU FOR ATTENDING

The purpose of the Nigeria Oil & Gas Outlook event is to add clarity to the shared challenges facing Nigeria's Oil & Gas sector, find practical solutions and provide a road map towards building the industry, through strategic public-private partnerships at Federal Government levels.

The event which is the first gathering of Nigeria's energy leaders since PIB was signed is equally geared towards providing Oil & Gas companies with an opportunity to showcase their offerings to the ecosystem.

SOME KEY TAKEAWAYS

Nigeria Oil & Gas Outlook

Our capacity to unlock Nigeria's natural gas resources should improve as technology progresses and the Federal Government main goal, as embedded in the National Gas Policy, is the development of Nigeria's huge gas resources and the strengthening of the gas value chain.

The Policy seeks to define and set the framework necessary to move Nigeria from being a crude oil export-based economy to becoming an attractive gas-based industrial economy

DR. NAZIR SANI-GWARZO, MNI, NPOM
Permanent Secretary, Ministry of Petroleum Resources, Federal Republic of Nigeria

Nigeria Oil & Gas Outlook

The Government is committed to the implementation now is the time to build the Human capacity to support the Gas Industry.
