Thank you for Attending

We are pleased to have had you join us at the inaugural **UK-Nigeria Business Outlook** held at the prestigious **Queen Elizabeth II Center** in Westminster, London. The idea behind the UK-Nigeria Business Outlook was conceived to provide an opportunity to **share UK-Nigeria perspectives** on very important discussions bothering across the **Trade, Energy, Tech and Real Estate Industries**.

The event which held in an **hybrid form** offered an opportunity for fantastic network with representatives from the UK government and private sector leaders from Nigeria. We are pleased to have had you join us an **attendee, sponsor, speaker or partner**.

Till we converge again, next year, please accept the assurances of my best regards.

Few Excerpts From The Event

Ed Ubong

**Managing Director, Shell Nigeria Gas
President, Nigerian Gas Association**

Gas is profitable, coming from someone who is a key player in the sector. You just need to find where you want to play in the gas value chain and make it work. Our commitment at the global level is how we can become a net zero emission company by 2050 or sooner.

Thank you very much, it's a pleasure always to attend the Eventhive event.

Dr Ola Brown

**Founder, Flying Doctors Healthcare
Investment Company**

Regulation in the Fintech space - Banking has always been a tension between banks and regulators, any type of banking.

Alastair Long

UK Trade Commissioner For Africa

We're focused on our trade and investment in 7 sectors, which are; clean energy, sustainable infrastructure, education, health care, agriculture, financial services, inclusive mining. We're running 20 markets, currently present in whole continent to help UK companies get into Africa to find demand for their products.

Our trade with Africa has nine trade agreements with nations. Our approach to trade investment is partnership, we're interested in partnership and interests in long term partnership with Africa.

Ido Sum

Partner, TLcom Capital

African startups saw around \$4 billion come into the ecosystem last year and that was more than the last two years compared, and we're likely to see about \$10 billion this year.

Yesterday, I was delighted to speak at the Eventhive.ng #UK-#Nigeria 🇬🇧 🇳🇬 Business Outlook 2022 where I gave keynote address on UK-Nigeria trade, and post #Covid growth outlook for both countries 🇬🇧 🇳🇬

The event brought together #Nigerian leaders, international business Chief Executives and heads of International Organisations to create new partnerships that will deliver investments into Nigeria 🎉

The forum demonstrated how #Nigeria is a leading investment destination in #Africa with Nigerian representatives highlighting Nigeria's policy and legislation efforts towards improving #investment and #business climate in the country 🎉

The event also explored new perspectives on a UK-Nigeria partnership for mutual growth and development specifically on #energy ⚡, #tech 💡 and #realestate 🏢
